True
PI-DSSDM
Bayesian exponential (Gebraeel 2005)
PF exponential (Li 2015)
LSTM life percentage

(e) MAE, all origins (LOBO, n = 17 bearings)
PI-DSSDM no discrepancy
PI-DSSDM no ISO scaling
PI-DSSDM no survival conditioning
Reference: life prior only (no signal)
Reference: constant median RUL
Bayesian exponential (Gebraeel 2005)
PF exponential (Li 2015)
PI-DSSDM
LSTM life percentage
MAE (min)

(f) MAE, post-onset origins
PI-DSSDM no discrepancy
PI-DSSDM no ISO scaling
PI-DSSDM no survival conditioning
Reference: life prior only (no signal)
Reference: constant median RUL
Bayesian exponential (Gebraeel 2005)
PF exponential (Li 2015)
PI-DSSDM
LSTM life percentage
MAE (min)

(g) Interval coverage, all origins
PI-DSSDM no discrepancy
PI-DSSDM no ISO scaling
PI-DSSDM no survival conditioning
Reference: life prior only (no signal)
Reference: constant median RUL
Bayesian exponential (Gebraeel 2005)
PF exponential (Li 2015)
PI-DSSDM
LSTM life percentage
Coverage of 90% conformal interval (%)

(h) PHM 2012 score, all origins
PI-DSSDM no discrepancy
PI-DSSDM no ISO scaling
PI-DSSDM no survival conditioning
Reference: life prior only (no signal)
Reference: constant median RUL
Bayesian exponential (Gebraeel 2005)
PF exponential (Li 2015)
PI-DSSDM
LSTM life percentage
PHM 2012 score (mean A_i)
